Phillip Ross
Upland Winds Project Coordinator
Pattern Energy, LLC
221 High St.
Mineral Point, WI 53565

Dear Mr. Ross:

It has recently come to our attention that Pattern LLC has offered to inform potentially impacted municipalities of the company's preferred wind turbine locations for the *Uplands Wind* project, if asked. We are interested in this important opportunity.

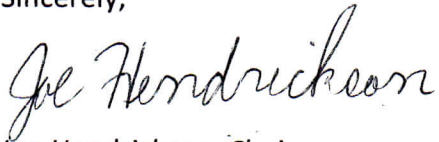

For our Board and constituents to both receive and provide feedback about the turbines and associated equipment locations, we ask that Pattern plan to schedule two, timely meetings with us for these purposes:

- 1) For Pattern representatives to present detailed maps and other documentation concerning the company's preferred turbine locations and to answer questions.
- 2) For our Board and constituents to provide feedback and make suggestions in time to be considered by Pattern before the company submits its Application to the Public Service Commission of Wisconsin.

Our Board meets the first Monday of each month. We ask that you please inform us of the approximate time window for the two meetings at your earliest convenience.

We look forward to your acknowledgement of our request as well as to meeting with you after the meetings are scheduled. Please call 608-523-1381.

Sincerely,

A handwritten signature in cursive script that reads "Joe Hendrickson".

Mr. Phillip Ross
Uplands Wind Project Coordinator
Pattern Energy, LLC
221 High St.
Mineral Point, WI 53565

Phillip Ross,

It has recently come to our attention that Pattern LLC has offered to inform potentially impacted municipalities of the company's preferred wind turbine locations for the *Uplands Wind* project, if asked. We are writing to state our interest in this important opportunity.

In order for our Board and constituents to both receive and provide feedback about the turbine and associated equipment locations, we ask that Pattern plan to schedule two, timely meetings with us for these purposes:

- 1) For Pattern representatives to present detailed maps and other documentation concerning the company's preferred turbine locations and to answer questions.
- 2) For our Board and constituents to provide feedback and make suggestions in time to be considered by Pattern before the company submits its Application to the Public Service Commission of Wisconsin.

Our Board meets on the first Monday of each month. We ask that you please inform us of the approximate time window for the two meetings at your earliest convenience.

We look forward to your acknowledgement of our request and meeting with you after the meetings are scheduled.

Sincerely,

Larry Stenner, Chair
